

International Journal of HIT Transaction on ECCN

Special Issue on

Digitization, Analytics, Crypto Currency and Block Chain Technology for Future Business Transformation

Call for paper

In the increasing craze for information technology, digital analytics is the analysis of qualitative and quantitative data from your business and the competition to drive a continual improvement of the online knowledge that your customers and prospective customers (in both online and offline) have which translates to your desired outcomes. With the precise skills, processes and technologies, you can uncover the essential information about how to engage with your customers, the effectiveness of your engagements, and the data on which to take action to improve the outcome for business strategies.

We encourage young researchers as well as practitioners of industrial engineering and management to contribute to this special issue with original and high quality articles addressing new concepts, methods, algorithms, modelling, and applications of the following topics to Digitization, Analytics, Crypto Currency and Block Chain Technology for Future Business Transformation.

Potential topics include but are not limited to the following:

Internet of Things (IoT)	Soft Computing, Big Data Analysis
Next Generation Network	Data Warehousing and Data Mining
Digitized Map, Digital Marketing	Machine Learning
Wireless Computing network	Natural language processing
Development on 5G Wireless Networks	Robotics, Fuzzy Logic
Digital Technology in Business network	VLSI Design Automation
E- Commerce, E-Governance	Bioinformatics, Healthcare Informatics and Analytics
Data Science and Data Analytics	Unified Communications & Collaboration Analytics
Big Data Analytics & Hadoop	Network Analytics
Artificial Intelligence	Block Chain Technology
Computational Intelligence, Communications, and Business Analytics	Crypto Currency & security
	Wireless Computing network
	Optical Fibre & Space Time Paradox

Last Date of Abstract Submission: 15th Dec, 2017

Last Date of Full Paper Submission: 19th Dec, 2017
