7. Innovations and Best Practices

7.1 Innovations introduced during this academic year which have created a positive impact on the

Soft Skill	PDP classes
Analytical skill	Aptitude classes
Core subject and advanced knowledge (Industry oriented)	Various joint activities are done with the local industries. Trg. Programme are conducted by Infosys, Tech Mahindra, AMCAT etc.

Comprehensive laboratory has been introduced to improve the communication skill of the students.

Various short term courses under Services to Community and Economy are conducted with the subsidized fees for the rural students.

Coaching classes are conducted for the students for various competitive exams.

The College also organizes various summer training, workshop, Guest lectures in various domains to the students by experts from industry and academia.

7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year

Submission for SSR for re-accreditation	On expiry, the Institute has proposed to submit SSR for re-accreditation with higher grade.
Organizing Seminar/conference/conference	The Institute has organized various seminar/conference/FDP for employees.
To conduct competitive exams.	Aptitude classes and coaching classes are conducted for the students for appearing in GATE/JAM and other competitive exams.

7.3 Give two Best Practices of the institution (*please see the format in the NAAC Self-study Manuals*)

- To enhance research potential in students and faculty members.
- Skill enhancement for improving student employability / for higher education.

**Provide the details in annexure (annexure need to be numbered as i, ii,iii)*

7.4 Contribution to environmental awareness / protection

- Rain water Harvesting System is built in the Campus.
- Plantation: Each building and playgrounds are surrounded by large green gardens and plants to maintain the healthy and balance environment.
- Activities pertaining to cleanliness in Campus, Coastal area cleaning, tree plantation, blood donation, thalasamia detection camp, eye testing, etc. are conducted by the NSS (National Service Scheme) of the Institute, every year.
- The Institute has been awarded Environment certificate from ISO, vide 14001:2004.
- Energy Conservation: The college has been very conscious about the energy conservation. The College has gradually moved on from normal light bulbs (list required watt) to tube lights, CFLs, LEDs and the Institute also replaced most of the CFT monitors to LCD monitors.

7.5 Whether environmental audit was conducted? Yes No

7.6 Any other relevant information the institution wishes to add. (for example SWOT Analysis)

Strength

- The Institute possesses an effective and efficient mix of young, dynamic, versatile along with many experienced faculties with outstanding records in teaching and research acumen.
- The Institute is proud of having extraordinarily scenic campus of ample space and beauty with state-of-the-art infrastructure.
- The residential nature of the Institute Campus makes it one of the most attractive destinations for students and faculties from all across India. It also helps to nurture a unique student-faculty communication that would not have been possible otherwise.
- The Institute and all its constituent Departments are competent, and actively contribute towards improvement of students' employability through personality development and grooming sessions. These efforts have lead to about 75% placement during the Academic Session.
- Many of the faculties have been actively engaged in research with the research grants of Rs. 1 – 2 crores from DST, DBT, CSIR, and other Government agencies.
- Many of the faculties have been actively publishing in peer-reviewed national / international journal, articles, books, book chapters, etc.
- Students passing out from the Institute have been strengthening a tremendously successful pool of alumni, who are achieving excellent heights as professionals in different academic, business and industry organizations of national and international repute.
- Mentorship, guidance, and regular visits to students' hostels are routinely carried out on a daily basis to enrich the Campus life.
- This Institute provides brilliant students from economically backward families with financial assistances.

Weakness

- Academic quality and acumen of newly admitted students has experienced some deterioration due to modification in the eligibility criteria for admission in engineering streams throughout West Bengal
- Stagnation in growth of manufacturing sector throughout India, and in the Haldia industrial belt due to lingering impact of global economic recession
- Lack of routine updating and enrichment of University curriculum.

Opportunities

- More employment opportunities for engineering graduates in the context of rapid modernization and emerging technologies in all the manufacturing sectors
- Unprecedented opportunities for collaborative research through the existing M. Tech. programmes and Ph. D. research through collaboration with Institutes / Universities of national and international repute
- The extra-ordinary pool of the Institute alumni, and future prospects of the Institute's collaboration and network building

- Being located in the heart the Haldia industry hub, and the Haldia Port, the Institute enjoys tremendous opportunities of Industry-Academia collaboration.

Challenges

- Updating and enrichment of curriculum and Institute infrastructures (e.g. laboratory facilities and space, library and other academic infrastructures) accordingly to suit the pace of modernization and emerging technological evolution
- The Institute's location (due to distance from Kolkata) makes it somewhat less attractive to students and professionals compared to those located in and around the State capital.
- Training and development of English communication skills, and other aspects of professional communication and team work in students from rural / semi-urban background
- Enhancement of the Institute's consultancy activities catering to the industry and business needs

8. Plans of institution for next year

- Introduction of M. Tech. courses in Electrical Engineering
- Introduction of Second Shift courses in B. Tech. courses
- Introduction of PIO seats.
- Enhancement of Intake in EE, ME and CE branches in B,Tech. Level.
- In addition to the existing CCF, creation of additional CCF labs with 500 seat capacity.
- Application to NBA for re-accreditation of NBA accredited courses.
- Preparation of SSR for re-accreditation of NAAC accreditation.
- To sign MOU with industries for students training.
- To organizes National and international seminar/conference in the Institute
- To conduct industrial visits for students.
- To perform higher placement for students in comparison to previous years.
- To conduct classes for competitive exams in both semester in regular time tables.
- More students participation in national /state level/international participation.

TWO BEST PRACTISES

Practice 1:

Title of the Practice – “Improvement of students’ employability through enrichment of their abilities of facing recruitment drives and communication skills”

Goal – This Best Practice is aimed to ensure our achievements towards overall development of engineering and management students . This also catalytic towards continuous growth and environment in the globalized Indian professional perspective.

The Context– In today’s globalized world, engineering, technology and management education has become extremely competitive and outcome based. Potential students and their families are looking for educational Institutes that are not only focused not only conventional academics, but also emphasize to impart necessary attributes required to be acquired by the students. Such Professional skill-set of these budding professionals enable them to be better prepared to contribute significantly in the challenging environment of technology up-gradation, international business, and trade. In this context, the Best Practice of our Institute is a continuously exercise that is being carried out along with our day to day academic activities.

The Practice– The students are provided with effective assistance to enhance their preparation to face competitive exams like GATE, CAT, GRE, TOEFL, etc. and campus recruitment drives through grooming sessions, preparatory mock test, mock-GD and mock-interview sessions, sessions involving enrichment and improvement of students’ English communication skills, regular tutorials, etc. A significant part of these co-curricular sessions are already incorporated in the Institute’s academic semester schedule. The Institute is targeting to keep its existence almost in all segments of all available industries and academics by creating opportunities through corporate relations and imparting required training to make our students employable.

Evidence of Success– Haldia Institute of Technology is one of the leaders in terms of students’ employability achieving 65 – 80% recruitment for our engineering and management graduates over the last two decades. In the context of global recession in manufacturing and service providing businesses, Indian economic scenario has also been adversely impacted. Still, like a few Institutes / Universities of repute, Haldia Institute of Technology has been able to maintain ~ 70% recruitment of our B. Tech., MBA, and MCA students for the last 5-6 years. This is the evidence of success achieved through the described Best Practice.

Problems encountered and resources required – Haldia Institute of Technology is facing challenge of identification of emerging yardsticks of professional achievements in the ever-changing global necessities of businesses. Our Institute also faces the challenge of providing our students with the best resource person(s) to carry out this Best Practice.

Practice 2:

Title – “Collaborative efforts with other Institute / University / Business / Industry / other professional Organizations aimed at improved educational and research atmosphere at the Institute”

Goal – This is a joint effort to enrich technical education and soft skills enhancing quality of students. Such improvement shall help students achieve greater learning outcomes in the professional arena in the IT sector

The Context – In today's globalized world, engineering, technology and management education has become extremely competitive. Potential students and their families are looking for educational Institutes that are focused not only on routine academics, but also emphasize overall development of students. Budding engineers, who have already developed certain valuable professional skills necessary to survive and achieve considerable success in the IT sector, have tremendous value. Such skills enable these budding professionals to be better prepared to face challenges, continuously upgrade their technical know-how, and be effective communicator, team player, and leader. In this context, this Best Practice of our Institute is a timely exercise that is being carried out along with our routine academic activities. The Institute is proud to collaborate with Infosys through MoU agreements.

The Practice – The Campus Connect program is for pre-final and final year students. The training course is designed by Infosys and Tech Mahindra. Classes are held at the rate of 1 – 2 h per day. The total duration (in hours) for each of the 4 – 5 subjects of training are RDBMS, C, Java, and modern internet technologies, along with algorithm. After finishing of the training, online tests are conducted to evaluate students' learning outcomes. Besides, a Project Work performed by each student is also evaluated to ensure their acumen for application of their technical know-how. Certificates are provided by Infosys Ltd., Bangaluru, and TechMahindra, Kolkata.

Collaborative research works are being carried out with Indian Institute of Engineering, Science and Technology, Shibpur, Jadavpur University, Burdwan University, National Institute of Technology, Durgapur, etc. In these research projects, many of the faculties are doing their Ph.D. works.

Evidence of Success – Students' technical knowledge and application orientation are enriched with these kind of collaborative teaching and training efforts. A significant number of faculties have / are improved / improving their credentials and teaching-learning acumen through these collaborative research projects.
