

About the Institution

It is the first private and accredited academic institution catering technical education in West Bengal. The Institute is established in 1996 at Haldia – an industrial hub in Eastern India. Since inception, Haldia Institute of Technology is dedicated to the objectives of creating highly trained professional manpower in various disciplines of Engineering, Technology and Social Science. The Institute is also dedicated to the contribution of higher scientific research in Technology as well as in Applied Science and Social Science

Objective of the FDP:

This Faculty Development Program (FDP) is meant to setup a forum for deliberation of the basic concepts in Emerging Technology. Eminent faculties from premier institutes of the country will enlighten some of the recent trends in Emerging Technologies that marks in avenues in this domain. This FDP will surely give a rare exposure to the participants on advances in new technologies in allied paradigm for shaping their research competency.

Participants

The FDP is mainly aimed for faculty members of all universities and Engineering Colleges across India. However registration is limited and will be done on first come priority basis. This FDP has to be attended on all five days. Attendance at every sessions followed by a mcq based test are mandatory to qualify for the certificates. Certificates will be issued on the concluding day of the FDP.

Eminent Speaker

Dr. Indrajit Banerjee (Associate Professor, Department of Information Technology, IEST, Shibpur)

Dr. Raju Halder (Associate Professor, Department of Computer Science & Engineering, IIT, Patna)

Dr. Debashis De (Professor, Department of Computer Science & Engineering, MAKAUT)

Dr. Bhabani Shankar Prasad Mishra (Professor, Dean, School of Computer Engineering, KIIT)

Dr. Sarbani Roy (Professor, Department of Computer Science & Engineering, Jadavpur University)

Dr. Suneeta Mohanty (Associate Professor, Department of Computer Science & Engineering, KIIT)

Dr. Pranab Roy (Associate Professor, Department of Computer Science & Engineering, JK Lakshmipath University, Jaipur, Rajasthan)

Dr. Arka Ghosh (Lecturer & Research Associate, Deusto University, Bilabo)

ANNUAL REFRESHER PROGRAMME IN INNOVATION OF TECHNOLOGICAL ADVANCEMENT

ARPITA 2023

Organised by
Department of Information Technology
In Association with Internal Quality Assurance Cell (IQAC)
Haldia Institute of Technology

2nd January, 2023 - 14th January 2023

TOPICS

- ✓ Introduction, Sample Space, Random Variable, Probability Axioms
- ✓ Conditional Probability, Bayes Theorem, Independence of Events
- ✓ Probability Distribution
- ✓ Continuous Random variables
- ✓ Neural Network
- ✓ Supervised Learning (Regression/Classification)
- ✓ Unsupervised Learning (Clustering)
- ✓ Evaluating Machine Learning algorithms and Model Selection
- ✓ Hands on Machine Learning with Python

ABOUT THE PROGRAMME

With the increased availability of data from varied sources there has been increasing attention paid to the various data driven disciplines such as analytics and machine learning. In this course we intend to introduce some of the basic concepts of machine learning from a mathematically well motivated perspective. We will cover the different learning paradigms and some of the more popular algorithms and architectures used in each of these paradigms.
