	AICTE			Industry /Institute

AICTE shall be, as per scheme document, releasing 80% of its contribution as first instalment, only after matching grant (80% of contribution from industry/ institution) is deposited in an exclusive Bank Account of AICTE IDEA Lab and proof submitted to us. Further it may be noted that your institution had agreed to contribute Rs. 4.58 Lakh for IDEA Lab project over and above the amount towards sustenance of IDEA Lab beyond 2 years. You must honour this commitment and ensure this flow of funds, to be eligible for grants from AICTE in future.

We would also like to recall among other things the following towards smooth initiation of project.

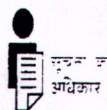

- Your institution must provide a built-up and furnished space of at least 3000 sq. ft. to house the IDEA Lab (2000 sq ft for Lab & 1000 sq ft for student activities).
- Your institution should open a separate bank account for this project within a week and the same be intimated to us through the Mandate Form (enclosed). This is required for issuing Sanction Order from our end.
- Your institution must abide by Terms and Conditions provided in the Scheme Document (accessible from our website).
- The institution must observe Code of Conduct for AICTE-IDEA Lab, given in Scheme Document.
- The logo of AICTE IDEA Lab can be used by the institution as long as it has a valid Extension of Approval (FoA).

We will shortly be organising an online awareness programme for selected institute to detail the subsequent steps toward effective implementation of the project.

We look forward to an Acceptance Letter (giving reference to this offer letter) within a week and hope that the institute will implement the prestigious project with all sincerity and commitment.

Yours sincerely,

Dr. Neeraj Saxena

Dear Madam/Sir,

Sub: Mentoring the Non-Accredited Institutions-reg..

NAAC has touched every stakeholder of higher education in one way or the other, either directly or indirectly and 'Quality' has become the buzzword on the academic campuses today. During its existence of more than two decades, NAAC has also networked with the Central Government, State Governments, other higher education agencies and policy making bodies in the country to recognise the output of NAAC and use the accreditation grade as an important facilitative tool. With its rich experience of conducting more than eleven thousand accreditation visits, the NAAC is poised to give a new direction to the Quality Assurance process in India. UGC envisages to accredit every institution in India with a minimum score of 2.5 CGPA by the year 2022. This can be an achievable target only with involvement of colleges who have been accredited by NAAC with more than 3.26 CGA as mentors. Hence your institution has been identified as one.

NAAC has prepared a detailed work plan for the same. The preliminary task for a mentor institution is to identify at least 10 non-accredited colleges in the geographic vicinity of your institution. May you please identify such institutions and provide the list of the same. The mentor institution would formally induct such non-accredited colleges that would enable and assist the institute to successfully get them-self accredited by NAAC.

Kindly provide the list of such Non-NAAC accredited institution on before **20th September 2018** and oblige.

Thanking you with regards,

Yours faithfully,

(Prof. S.C. Sharma)
